ABOUT US

EXPERIENCED TEAM

Founded in 1980, PNS Tech Corp specializes in the design, manufacturing and distribution of replacement parts for agricultural machinery, snow removal and road maintenance equipment.

A well-recognized player in the industry, PNS Tech Corp has become a leading choice for both OE Manufacturers and Distributors/Merchants across Canada, the USA and Europe.

Our personalized approach is based on a strong bond between our clients and our team's specialists.

Our Distribution Network spans across multiple regions in North America and many business contacts have become strategic partners over the years. Many of our actual clients have been with us for many years, some since the establishment of the company. Our team therefore strives to bring them expert needs assessment and rigorous aftersales service. This high-level service policy is part of our DNA, which is to build strong business ties and ensure longlasting commercial relationships.

WIDE SELECTION OF QUALITY PARTS

Over the years, we have developed a large number of parts, more than 5000 products so far, fitting agricultural machinery, snow removal and road maintenance equipment sold across the world. Parts sold by PNS Tech Corp meet the industry's highest quality standards while being offered at attractive prices that allow our clients to be highly competitive.

PNS Tech Corp owns a 43,500 sq ft building under which roof all manufacturing activities are conducted as well as storage of both finished goods and raw material. To add appeal to our own product offering and ensure sales growth, PNS Tech Corp has signed strategic partnership agreements with key European manufacturers, strongly positioned in the agricultural market. Our selection criteria for such partners are leadership, experience, quality and the warranties offered by these suppliers.

CUSTOM PARTS DEVELOPMENT PROGRAM

PNS Tech Corp has all it takes to offer products of the best quality and aims to continue doing so through the ongoing efforts of our sales force and our R&D team that constantly come up with new materials and better manufacturing processes.

We stay connected to our clients' needs and innovation is an essential part of our commitment to them. We take upon ourselves to make things easier and optimize their business' profitability.

FAST AND RELIABLE SHIPPING

PNS Tech Corp has orders shipping daily to clients in North America and Europe using the recognized logistics services of leading companies as: Fedex, Day & Ross, Gojit, Purolator, UPS, Dicom Express, DHL and many others. Be it for a parcel, a pallet or a container (LCL, FCL), we ship your merchandise quickly and efficiently.
